

THE SUPPLY CHAIN FACING THE COVID-19 CRISIS:

100 QUESTIONS FOR ANSWERS BY ASLOG

#056 WHAT SOLIDARITY LOGISTICS INITIATIVES CAN BE PUT IN PLACE?

Community Initiatives

Solidarity initiatives are multiplying to help traders, transporters, distribution companies and the most disadvantaged inhabitants.

I HAVE A STOCK OF MASKS OR OTHER PROTECTIVE EQUIPMENT, HOW CAN I DONATE?

For surgical masks, make a voluntary donation to the welfare actors if your stock is less than 1000 masks. Otherwise, contact the LRA in your area.

If you have a stock of FFP2 masks, donate them to healthcare professionals. For more than 500 masks, contact the LRA in your area.

I HAVE A STOCK OF PRODUCTS CLOSE TO THEIR EXPIRATION DATE. HOW CAN I DONATE?

In this period of pandemic, donation associations and food banks are also seeing their logistical organisation disrupted and demands increasing.

Several solutions are available to you:

Bring these products to the association of your choice

Use a food collection company like Phenix

TIP : solidarity fridges; they allow you to deposit fresh products that will be collected by people in the neighbourhood, without contact.

HOW DOES ASLOG GET INVOLVED?

ASLOG has set up an email address urgences@aslog.fr to put providers of unused capacity (transport, warehouses, etc.) in touch with companies' needs. In this situation of tension between supply and demand, information sharing is a necessity.

The supply chain also requires solidarity. Be an actor in this chain of sharing!

| About ASLOG

ASLOG brings together more than 400 companies from all sectors, with 2,000 professionals working together to promote and build tomorrow's Supply Chain. ASLOG is a neutral and independent association that addresses Supply Chain issues.

As early as 1972, visionary men sensed that this function would be decisive for all companies. For almost fifty years, professionals in the sector have made ASLOG the reference partner.

ASLOG is the privileged interlocutor of institutions and public authorities on all questions relating to the sector.

| #supplychain4good

The **#SupplyChain4Good** community was created at the initiative of Michelin and ASLOG, as part of the Movin'On ecosystem, in favor of a more sustainable mobility of goods.

#SupplyChain4Good's ambition is to federate the actors who work for Supply Chains that are simultaneously good for the planet, the people and the business performance. The members of this community are «shippers» (industrial and commercial companies), «operators» (transporters, logisticians, shipping companies, ports...), «support functions» (academics, consultants, information systems, regulators, NGOs...).

They cover all economic sectors and all regions of the world. Their work takes place throughout the year and culminates in the annual Movin'On Summit, the world summit on sustainable mobility.
