

THE SUPPLY CHAIN FACING THE COVID-19 CRISIS:

100 QUESTIONS FOR ANSWERS BY ASLOG

#066

HOW DO WE KNOW IF OUR BUSINESS INTERRUPTION INSURANCE POLICY APPLIES IN WHOLE OR IN PART UNDER COVID-19?

Distribution

Industry

Insurance

Property Damage policies traditionally cover Business Interruption resulting from an event covered in the policy, such as fire, theft, floods, or storms, resulting in property damage to insured property.

Covid-19 is generally not a guaranteed event or does not cause property damage, so **its impact on turnover is not covered by Insurers or by the Natural Disaster mechanism.**

Depending on your terms and conditions, some policies may offer limited Business Interruption no-Damage coverage, but systemic risks such as Covid-19 are often excluded.

In any case, it is preferable to contact your usual contact who manages your insurance.

Jérôme Lees

Directeur du département Maritime, Logistique et Transport
Gras Savoye Willis Towers Watson

À propos de Gras Savoye Willis Towers Watson est une entreprise internationale de conseil, de courtage d'assurance et de solutions logicielles qui accompagne ses clients à travers le monde afin de transformer le risque en opportunité de croissance. Nous concevons et fournissons des solutions pour gérer le risque, accompagner les talents et optimiser les profits afin de protéger et de renforcer les organisations et les personnes. Notre vision, unique sur le marché, nous permet d'identifier les enjeux clés au croisement entre talents, actifs et idées : la formule qui stimule la performance de l'entreprise.

| About ASLOG

ASLOG brings together more than 400 companies from all sectors, with 2,000 professionals working together to promote and build tomorrow's Supply Chain. ASLOG is a neutral and independent association that addresses Supply Chain issues.

As early as 1972, visionary men sensed that this function would be decisive for all companies. For almost fifty years, professionals in the sector have made ASLOG the reference partner.

ASLOG is the privileged interlocutor of institutions and public authorities on all questions relating to the sector.

| #supplychain4good

The **#SupplyChain4Good** community was created at the initiative of Michelin and ASLOG, as part of the Movin'On ecosystem, in favor of a more sustainable mobility of goods.

#SupplyChain4Good's ambition is to federate the actors who work for Supply Chains that are simultaneously good for the planet, the people and the business performance. The members of this community are «shippers» (industrial and commercial companies), «operators» (transporters, logisticians, shipping companies, ports...), «support functions» (academics, consultants, information systems, regulators, NGOs...).

They cover all economic sectors and all regions of the world. Their work takes place throughout the year and culminates in the annual Movin'On Summit, the world summit on sustainable mobility.
